OVERVIEW

The City of Cambridge ("the City") is seeking proposals from an individual consultant or group of consultants ("Consultant") to design and conduct a Disparity Study to provide a basis to determine whether a sheltered market program under G.L. c. 30B, § 18 can be implemented in the City (G.L. c. 30B is the Uniform Procurement Act, which establishes procedures for the City to use when contracting for supplies and services). In particular, the Consultant will work with the City’s Purchasing Department, Office of Equity and Inclusion, and Community Development Department ("CDD") and will conduct a Disparity Study to review and analyze whether there are present effects of past discrimination within markets of business enterprises from which the City procures supplies and services. Based on the results of the Disparity Study, the City will review whether a basis exists for the City to implement a sheltered market program in conformance with G.L. c. 30B, § 18, to remedy past discriminatory effects for certain groups going forward (determining whether a basis exists for the City to implement a sheltered market program is not part of this scope of work).

The goal of the Disparity Study is to assist the City in determining whether a basis exists for the City to implement a sheltered market program for supplies and services procured in compliance with G.L. c. 30B, § 18, and if such a basis exists, the Disparity Study must be sufficient to serve as an evidentiary basis for the creation of a sheltered market program.

The Disparity Study will allow the City to examine whether there are present effects of past discrimination to determine if a compelling governmental interest exists to create and implement a sheltered market program for supplies and services as authorized by G.L. c. 30B, § 18 for the following classes of disadvantaged vendors: minority-owned business, women-owned business and veteran-owned business in compliance with G.L. c. 30B, § 18(a). If such a compelling government interest exists and the City creates and implements a sheltered market program for supplies and services as authorized by G.L. c. 30B, § 18, the Disparity Study may serve as the basis for the program and therefore shall be conducted in such a manner as to withstand constitutional strict scrutiny.

SCOPE OF WORK

Disparity Study General Requirements:

The Consultant conducting the Disparity Study shall perform a comprehensive, effective, and legally supportable and enforceable Disparity Study that withstands the test for constitutional strict scrutiny and other criteria required by any applicable federal, state, and local laws and as required herein. The Disparity Study shall examine the practices of the City related to the procurement of supplies and services under G.L. c. 30B.

The Consultant shall prepare a final written report of the results of the Disparity Study which shall have, at a minimum, an analysis of each of the following factors:

1. Legal Requirements – the Consultant shall provide an analysis of - and conduct the Disparity Study in conformance with all controlling federal, state, and local legal requirements and case law related to the establishment of set-aside programs based on race, gender and
veteran-status. The Consultant shall include in the Legal Requirements section of the final written report a summary of the Consultant’s understanding of City of Richmond v. J.A. Croson Co. (“Croson”), 488 U.S. 469 (1989) and its progeny, as well as other relevant law. In addition, the Consultant shall conduct the Disparity Study in a manner consistent with Croson and its progeny.

2. Data Collection – the Consultant shall conduct the data collection upon which it bases its analysis and final written report to include all supplies and services procurements by the City conducted in conformance with G.L. c. 30B in FY18 through FY21 (July 1, 2017 through June 30, 2021). The Consultant shall be solely responsible for identifying, researching, compiling, and analyzing all data required to conduct the Disparity Study with the objectives stated in the “Final Written Report Requirements” section, below. The Consultant may use statistically valid sampling and estimating methods as appropriate where actual procurement data and records are incomplete. The Consultant shall be responsible for the legal sufficiency of methods and data used. The City will, to the extent possible, make records available to the Consultant and cooperate with the Consultant in the retrieval of records.

3. Availability Study – the Consultant shall work with the City to determine the relevant market area (hereinafter, “Market Area”) for the Disparity Study based on the Consultant’s review of available data concerning the City’s expenditures related to the procurement of supplies and services.

4. Utilization Analysis – the Consultant shall base its Utilization Analysis on data collected on all supplies and services procurements conducted in conformance with G.L. c. 30B by the City in FY18 through FY21 (July 1, 2017 through June 30, 2021). The Consultant shall determine and analyze the City’s utilization of minority-owned business enterprises (“MBEs”), women-owned business enterprises (“WBEs”) and veteran-owned businesses enterprises (“VBEs”) in the Market Area for supplies and services. For avoidance of doubt or confusion, the definitions contained in G.L. c. 30B, § 18 for “minority business,” “women-owned business” and “veteran-owned business” are applicable to MBE, WBE and VBE, respectively. The Consultant shall research and evaluate procurements made by the City for supplies and services pursuant to G.L. c. 30B. The Consultant shall identify and classify the procurements according to the following two (2) major classifications (but also identify and classify sub-groups within a classification whenever the level of procurement activity indicates or suggests that sub-groups are appropriate):

A. supplies - all property, other than real property, including equipment, materials, printing, and insurance and further including services incidental to the delivery, conveyance and installation of such property; and

B. services - the furnishing of labor, time, or effort by a contractor, not involving the furnishing of a specific end product other than reports. This term shall not include employment agreements, collective bargaining agreements, or grant agreements.
The Consultant shall also:

A. for each classification of procurement (and sub-group, if appropriate), specify both the total number of procurements made by the City and the total dollar value of the procurements;

B. determine the number of procurements awarded to each MBE, WBE, and VBE and the total dollar amount awarded to each MBE, each WBE, and each VBE; working as the prime vendor and those MBEs, WBEs, and VBEs working as a sub-contractor where applicable;

C. for each classification of procurement (and sub-group, if appropriate), determine the number of procurements awarded to MBEs, WBEs and VBEs and non-MBEs, non-WBEs and non-VBEs, and the total dollar-value of the procurements awarded to MBEs, WBEs, and VBEs;

D. determine the percentage of procurements awarded to MBEs, WBEs, and VBEs by comparing the number of procurements awarded to MBEs, WBEs, and VBEs to the total number of procurements;

E. determine the percentage of the dollar-value of the purchases awarded to MBEs, WBEs, and VBEs by comparing the dollar-value of the purchases awarded to such MBE, WBE, and VBE purchases to the total dollar-value of all procurements;

F. based on the findings of the Utilization Analysis, determine general trends extending back to the point of origin for the analysis and expected future trends.

5. Statistical Disparity Analysis – Based on the information gathered from the Availability Study and the Utilization Analysis, the Consultant shall perform a Statistical Disparity Analysis to determine whether there is a legally significant, statistical disparity between the number of qualified MBEs, WBEs, and VBEs available to perform a particular service or provide a particular supply to the City. For purposes of the Disparity Study the term qualified MBE, WBE, and VBE shall mean those vendors that are certified as minority, woman, or veteran-owned business entities by the Commonwealth’s Supplier Diversity Office. As part of the Statistical Disparity Analysis, the Consultant shall:

A. provide the number of MBEs, WBEs, and VBEs used by the City in each procurement classification (and any sub-group, if appropriate);

B. distinguish between the number of MBEs, WBEs, and VBEs working as the prime vendor and those MBEs, WBEs, and VBEs working as a sub-contractor where applicable;

C. conduct a comparison by classification of supplies and services of the utilization of MBEs, WBEs, and VBEs both as prime vendor and as a sub-contractor in purchases
made by the City in conformance with G.L. c. 30B to the MBEs, WBEs, and VBEs available to provide those supplies and services to the City within the Market Area;

D. determine whether there is a statistically significant disparity either in the under-utilization or over-utilization of MBEs, WBEs, or VBEs available in the Market Area in a particular classification (and/or sub-group, if appropriate);

E. compare and contrast the findings with purchases awarded to non-MBE, non-WBE, and non-VBE prime vendors and subcontractors, determining whether there is significant disparity between the level of MBE, WBE, and VBE participation in purchases awarded by the City under G.L. c. 30B as compared to purchases awarded to non-MBEs, non-WBEs, and non-VBEs;

F. if a disparity is demonstrated to exist, the Consultant shall determine the extent and all potential causes of the disparity, including being a result of active or passive discrimination against MBEs, WBEs, and VBEs or as a result from vestiges of a discriminatory system; and

G. the Consultant shall provide recommendations to address the disparity, including the establishment of a sheltered market in conformance with G.L. c. 30B, § 18.

6. Procurement Practice Review – the Consultant shall conduct a review of the City’s procurement practice, policies, and procedures under G.L. c. 30B for the period of FY18 through FY21 to determine whether those practices, policies and procedures are discriminatory against MBEs, WBEs, and/or VBEs on their passive or active or the extent to which the City’s current efforts have assisted MBEs, WBEs, and/or VBEs to participate on a fair basis in contracting opportunities with the City. As part of the Procurement Practice Review the Consultant shall:

A. review and analyze the City’s practices, policies, and procedures related to procurements for supplies and services in accordance with G.L. c. 30B, and document its findings and make specific recommendations;

B. determine and document if there are any barriers, either passive or active, to full participation by MBEs, WBEs, and/or VBEs in the City’s procurement process for supplies and services;

C. examine, analyze, and document any discrimination against MBEs, WBEs, and VBEs caused by the City’s procurement practices, policies, and procedures when conducting procurements under G.L. c. 30B;

7. Potential for Race, Gender, and Veteran-Status Neutral Programs – the Consultant shall make recommendations regarding the City’s implementation of race, gender, and veteran status neutral means to resolve issues that may be discovered by the findings of the Disparity Study.
8. Passive Participation by the City – the Consultant shall collect, analyze, and include anecdotal evidence (for example, evidence collected from public meetings, in-depth interviews and surveys conducted by or on behalf of the City) as part of its determination whether the City has been a passive participant in discrimination in the Market Area. Additionally, the Consultant shall investigate, describe, and evaluate practices that indicate discrimination by the private sector in the Market Area that are the focus of the Disparity Study, and analyze whether there are any links to the City’s procurement practices to any such discrimination by the private sector. As part of its investigation of discrimination by the private sector, the Consultant shall include the following considerations:

A. possible impediments to the vertical upward movement of minorities, women, and veterans into business ownership positions within an industry, business, or trade;

B. barriers, issues, or problems related to the development and/or expansion of MBEs, WBEs or VBEs;

C. discriminatory practices, patterns, or trends, if any, of local business associations, local trade associations, unions, suppliers, service providers, financial lending institutions, bond and surety companies, insurance companies, and other market influencers that may interfere with or impede the success of MBEs, WBEs, and/or VBEs; and

D. any other patterns of discrimination that might result in a disproportionately small number of MBEs, WBEs, and VBEs in the Market Area, and the Consultant shall document these patterns of discrimination if any such patterns are found to exist.

Final Written Report Requirements:

The final written report prepared by the Consultant as part of conducting the Disparity Study shall:

1. establish the primary basis for determining the extent the procurement of supplies and services through G.L. c. 30B should be subject to a race, gender, and/or veteran-status conscious remedial program supported by G.L. c. 30B, § 18;

2. determine whether an evidentiary basis can be established by which the City may implement a sheltered market program authorized by G.L. c. 30B, § 18;

3. evaluate the need for the City to establish a sheltered market program for supplies and services to remedy present effects of past discrimination within the Market Area; and

4. identify and address concerns expressed in Croson and its progeny as they relate to the City establishing a sheltered market program as authorized by G.L. c. 30B, § 18.

5. identify and provide information on technology, human resources, administrative capacity, and costs to establish and comply with a sheltered market program.
6. Identify and provide information on additional methods including required technology, human resources, administrative capacity, and costs associated with assisting the City’s general goals to enhance procurement opportunities for historically disadvantaged businesses outside of or supplemental to a sheltered market program.

The final written report shall thoroughly address each of the report deliverables listed above and shall include all relevant data to support each.

**Actions Following Final Written Report:**

After the Consultant delivers the Disparity Study and final written report to the City, the Consultant, if requested by the City, shall meet with the City to discuss the findings of the Disparity Study and the implementation of any potential remedial measures, including but not limited to a recommendation of moving forward with a sheltered market program, in light of the findings of the Disparity Study. Additionally, the Consultant shall provide the City with consultant assistance in connection with any resulting claims or litigation as the City may determine necessary at a rate to be determined.

**ANTICIPATED SCHEDULE:**

The Consultant shall begin the work on the Disparity Study upon contract execution and the Consultant shall complete the Disparity Study and submit the final written report for acceptance by the City no later than ten (10) months from contract execution. The City reserves the right in its sole discretion to extend the duration of the contract if the City determines that extension is in the best interest of the City.

COMPARATIVE EVALUATION CRITERIA

Successful proposals will include at a minimum information relating to each of the criteria below. Responses to this Request for Proposal will be evaluated according to the following criteria, which are intended to assist the City in evaluating the proposals. Responses to the following should be complete. Each criterion will be evaluated by an evaluation committee composed of city staff using the rating categories of “highly advantageous,” “advantageous,” and “not advantageous.” Any proposal that does not meet the stated standard for any of the above rating categories for any criterion shall be assigned the rating of “unacceptable” for that criterion.

In addition, each responsive and responsible proposal shall be assigned a composite rating by the evaluation committee as a whole using the categories of “highly advantageous,” “advantageous,” and “not advantageous.”

Criterion One: The disadvantaged vendor status of the proposer.

This City considers the diverse make-up of the chosen consultant to be of significant importance as this may impact the consultants’ depth of understanding of the disadvantaged vendor certification process. As such, the City will rate more highly those proposals submitted by disadvantaged vendors as defined in G.L. c. 30B, §18. The proposer must submit documentation of certification by the Commonwealth of MA Supplier Diversity Office (SDO) or other government-authorized certifying entity if outside of the Commonwealth of Massachusetts in support of disadvantaged vendor status.

Highly Advantageous (HA)

Both the proposer and fifty percent or more of the proposed sub-consultant firms currently hold SDO disadvantaged vendor certification

Advantageous (A)

Both the proposer and fifty percent or more of the proposed sub-consultant firms currently hold disadvantaged vendor certification from a government-authorized certifying entity other than the SDO

Not Advantageous (NA)

Either the proposer currently holds, or any number of the proposed sub-consultant firms currently hold disadvantaged vendor certification from either SDO or other government-authorized certifying entity

**Criterion Two: Experience of proposer, sub-consultant(s) and key staff**

The City places a premium on the experience of the proposer, the proposer’s sub-consultant(s), and key staff that will be assigned to this project. Experience submitted for evaluation under this criterion must be experience gained from performance on projects of similar size and scope to this project, especially as relates to conducting and/or leading disparity studies of similar size and scope, including planned methodology, proposed timeline, and ability to perform the scope within the schedule outlined in this RFP.

**Highly Advantageous (HA)**

The proposer, the proposer’s sub-consultant(s), and key staff that will be assigned to this project each has more than ten (10) years of experience conducting disparity studies of similar size and scope for governmental bodies in the United States

The proposer, the proposer’s sub-consultants(s), and key staff that will be assigned to this project have more than ten (10) years of experience in the aggregate conducting disparity studies of similar size and scope for governmental bodies in the United States

**Not Advantageous (NA)**

**Criterion Three: Qualifications of proposer, the proposer’s sub-consultant(s), and key staff that will be assigned to this project**

The city will evaluate the level of expertise of the proposer, the proposer’s sub-consultant(s), and key staff assigned to work on this project. Resumes and/or curriculum vitae for all key staff assigned to work on this project must be submitted with the non-price proposal for evaluation.

**Highly Advantageous (HA)**

the proposer’s sub-consultant(s), or some key staff that will be assigned to this project have received demonstrated national recognition for work performed in the relevant fields.

Not Advantageous (NA)

Either the proposer, the proposer’s sub-consultant(s), or key staff that will be assigned to this project have certifications and/or degrees directly related to the scope of work of this project or the proposer, the proposer’s sub-consultant(s), or some key staff that will be assigned to this project have received demonstrated national recognition for work performed in the relevant fields.

Proposers shall outline a plan of services providing detailed methodology for how the consultant plans to conduct the analysis of each of the factors listed above that comprise the Disparity Study. The city will evaluate how the proposer plans to deliver the services outlined in the RFP and may require changes to the proposed plan of services prior to completing the evaluation of proposals.

Highly Advantageous (HA)

The proposed plan of services thoroughly examines the extent to which disadvantaged vendor contracts for goods and services governed by G.L. c. 30B are underutilized in city procurement within the Market Area such that the city can determine whether a legally defensible Sheltered Market Program is justified or needed. The established Market Area is relevant and explicitly defined. The supply and service markets are relevant and explicitly defined. The plan evaluates disparities considering only firms that are ready, willing, and able to bid on and perform city contracts. The study presents relevant evidence related to marketplace discrimination. The study includes anecdotal evidence collected from multiple techniques from individuals who had actual, verifiable experiences working with the city. The study will identify barriers and describe the harm (if any) impacting the individuals providing the anecdotal evidence and will examine the extent to which any discriminatory exclusion and limited contracting opportunities are systemic rather than isolated. The plan of services to provide the disparity study includes a legal overview of the rules, laws, policies, ordinances, and regulations governing the city’s procurement of supplies and services. Numerical disparities are determined by relevant and comprehensive data. The methodology proposed is aligned with legal precedent. The key staff assigned to work on the project demonstrate the relevant and necessary expertise to perform the scope of work. And the proposed schedule aligns with the city’s expectations in the RFP.

Not Advantageous (NA)

The proposed plan of services does not thoroughly examine the extent to which disadvantaged vendor contracts for goods and services governed by G.L. c. 30B are underutilized in city procurement within the Market Area such that the city can determine whether a legally defensible Sheltered Market Program is justified or needed.

Criterion Five: Presentation

Highly Advantageous (HA)

All key personnel assigned to the project were available at the presentation, including the project manager; the group presented cohesively and demonstrated synergy amongst the proposer’s staff and staff members of the sub-consultant(s) if any; the presentation was organized and direct and responses to questions from the evaluation committee were direct, thorough, and consistent.

Advantageous (A)

Only one key staff person assigned to the project was unavailable at the presentation; the project manager was available at the presentation; the group presented cohesively and demonstrated synergy amongst the proposer’s staff and staff members of the sub-consultant(s) if any; the presentation was organized and direct and responses to questions from the evaluation committee were direct, thorough, and consistent.

Not Advantageous (NA)

More than one key staff person assigned to the project was unavailable at the presentation or the project manager was unavailable at the presentation; or the group did not present cohesively or did not demonstrate synergy amongst the proposer’s staff and staff members of the sub-consultant(s) if any; or the presentation was not organized and direct or responses to questions from the evaluation committee were not direct, thorough, and consistent.
Criterion Six:  Professional References:

Highly Advantageous (HA)

All references contacted by the city including those provided by the proposer and those identified by the city performing its own due diligence reported an excellent rating of the proposer’s work on a disparity study of similar scope as outlined in this RFP or the references all would contract again with the proposer given the opportunity.

Advantageous (A)

Only one reference contacted by the city including those provided by the proposer and those identified by the city performing its own due diligence reported a less than excellent but not less than good rating of the proposer’s work on a disparity study of similar scope as outlined in this RFP or all but one of the references contacted would contract again with the proposer given the opportunity.

Not Advantageous (NA)

More than one reference contacted by the city including those provided by the proposer and those identified by the city performing its own due diligence reported a less than good rating of the proposer’s work on a disparity study of similar scope as outlined in this RFP or more than one of the references contacted would not contract again with the proposer given the opportunity.

City of Cambridge CORI Policy

1. Where Criminal Offender Record Information (CORI) checks are part of a general background check for employment or volunteer work, the following practices and procedures will generally be followed.

2. CORI checks will only be conducted as authorized by Criminal History Systems Board (CHSB). All applicants will be notified that a CORI check will be conducted. If requested, the applicant will be provided with a copy of the CORI policy.

3. An informed review of a criminal record requires adequate training. Accordingly, all personnel authorized to review CORI in the decision-making process will be thoroughly familiar with the educational materials made available by the CHSB.

4. Prior to initiating a CORI check, the City will review the qualifications of the applicant to determine if the applicant is otherwise qualified for the relevant position. The City will not conduct a CORI check on an applicant that is not otherwise qualified for the relevant position.

5. Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determination of suitability based on CORI checks will be made consistent with this policy and any applicable law or regulations.

6. If a criminal record is received from CHSB, the authorized individual will closely compare the record provided by CHSB with the information on the CORI request form and any other identifying information provided by the applicant, to ensure the record relates to the applicant.

7. If, in receiving a CORI report, the City receives information it is not authorized to receive (e.g. cases with dispositions such as not guilty or dismissal, in circumstances where the City is only authorized to receive convictions or case-pending information), the City will inform the applicant and provide the applicant with a copy of the report and a copy of CHSB’s Information Concerning the Process in Correcting a Criminal Record so that the applicant may pursue correction with the CHSB.

8. If the City of Cambridge is planning to make an adverse decision based on the results of the CORI check, the applicant will be notified immediately. The applicant shall be provided with a copy of the criminal record and the City’s CORI policy, advised of the part(s) of the record that make the individual unsuitable for the position and given an opportunity to dispute the accuracy and relevance of the CORI record.

9. Applicants challenging the accuracy of the criminal record shall be provided a copy of CHSB’s Information Concerning the Process in Correcting a Criminal Record. If the CORI record provided does not exactly match the identification information provided by the applicant, the City of Cambridge will make a determination based on a comparison of the CORI record and documents provided by the applicant. The City of Cambridge may contact CHSB and request a detailed search consistent with CHSB policy.

10. If the City of Cambridge reasonably believes the record belongs to the applicant and is accurate, then the determination of suitability for the position will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to the following:

   (a) Relevance of the crime to the position sought;
   (b) The nature of the work to be performed;
   (c) Time since the conviction;
   (d) Age of the candidate at the time of offense;
   (e) Seriousness and specific circumstances of the offense;
   (f) The number of offenses;
(g) Whether the applicant has pending charges;
(h) Any relevant evidence of rehabilitation or lack thereof;
(i) Any other relevant information, including information submitted by
the candidate or requested by the City.

11. The Personnel Department will assist affected departments, in assessing the suitability of
candidates in accordance with paragraph 10 a through i above, to ensure consistency, fairness,
and protection of employment opportunities and the public interest.

12. The City of Cambridge will notify the applicant of the decision and the basis of the decision in a
timely manner.

13. CORI information shall not be disseminated or shared with any unauthorized employees or other,
but shall be maintained in confidence consistent with the obligations of law.

Large Vehicles must be constructed or equipped in such a way as to offer, throughout their length, effective protection to Vulnerable Road Users against the risk of falling under the side of the vehicle and being caught under the wheels of the vehicle. This requirement may be considered satisfied:

1) if the Large Vehicle is equipped with Side Under-Ride Guards in accordance with the requirements of Section 2.1(b) and depicted in diagram (1) below, or if

2) the Large Vehicle is designed and/or equipped such that by virtue of its shape and characteristics, its component parts can be incorporated and/or regarded as a replacement for the Side Under-Ride Guards, but the component parts’ combined functions must satisfy the requirements set out in Section 2.1(b) and diagram (1) below.
(b) Technical Specifications

Side Under-Ride Guards may use horizontal rails or a continuous flat surface that meets the following requirements:

1) The lower edge of Side Under-Ride Guards shall at no point be more than twenty-one and one-half (21.5”) inches above the ground. It is preferred that the lower edge be no more than thirteen and eight tenths (13.8”) inches above the ground.

2) The upper edge of Side Under-Ride Guards shall be no more than fourteen (14”) inches below the structure of the vehicle as shown in the top schematic in diagram (1), which on a vertical plane must be tangential to the outer surface of the tires, as shown in the middle schematic in diagram (1).

3) The rear and forward edges of Side Under-Ride Guards shall not be more than twelve (12”) inches from the tire on the wheel immediately adjacent to the Side Under-Ride Guards, as shown in the middle schematic in diagram (1).

4) Every Side Under-Ride Guard shall be essentially rigid and securely mounted and shall not be subject to loosening due to vibration in normal use of the vehicle. Side Under-Ride Guards shall be capable of withstanding a force of 440 pounds applied perpendicularly to any part of its surface by the center of a ram the circular face of which is not more than eight and one half (8.5”) inches in diameter.

5) No part of a Side Under-Ride Guard shall be subject to deflection by more than six (6”) inches by the ram referenced above, as shown in the bottom schematic in diagram (1), and

6) No part of a Side Under-Ride Guard which is less than ten (10”) inches from its rear edge shall be subject to deflection by more than one and one quarter (1.25”) inches from the ram referenced above, as shown in the bottom schematic in diagram (1).
2.2 Convex Mirrors

Large Vehicles must be equipped with convex mirrors to enable the operator of the Large Vehicle to see all points on an imaginary horizontal line which is three (3’) feet above the road, starting from five (5’) feet directly behind the placement of the convex mirror, and which view extends rearward beyond the full length of such large vehicle on both the left and right sides of the Large Vehicle.

2.3 Cross-Over Mirrors

Large Vehicles must be equipped with a convex cross-over mirror on the front of the vehicle to enable the operator of the Large Vehicle to see any person or object at least three (3’) feet tall passing in front of the vehicle.

2.4 Safety Decals

Large Vehicles must be equipped with a minimum of two (2) safety decals on the rear of the Large Vehicle, two (2) safety decals on the left side of the Large
Vehicle, and two (2) safety decals on the right side of the Large Vehicle, that warn Vulnerable Road Users of blind spots, with the following requirements:

(b) Decals must include language or images warning of the blind spot locations on the vehicle.
(c) Decals on the sides of Large Vehicle must be placed on or within one (1’) foot of the Side Under-Ride Guards.

3. Compliance

3.1 All Large Vehicles subject to the Ordinance and these Regulations shall comply with these Regulations and the City of Boston Code of Ordinances, Chapter 4, Section 4-8, and shall have all convex mirrors, cross-over mirrors, Side Under-Ride Guards, and decals inspected and approved by the City of Boston Inspectional Services Department. Upon successful completion of the inspection and approval by the City of Boston, all Large Vehicles shall be affixed with the City of Boston Inspectional Services Department’s compliance certification sticker (“Sticker”).

3.2 A fee to cover the costs associated with the City of Boston’s inspection and Sticker shall be determined by the City of Boston Commissioner of the Inspectional Services Department and paid by the applicant / owner of the Large Vehicle.

3.3 Certification and receipt of the City of Boston Sticker must occur prior to any delivery of supplies, services, design and /or construction within the City of Cambridge by any Large Vehicle subject to the requirements of the Ordinance and these Regulations.

3.4 Any Large Vehicle that already has a current City of Boston Sticker does not need to submit to further inspection by the City of Boston Inspectional Services Department until two years has passed since its original certification, unless the convex mirrors, cross-over mirrors, Side Under-Ride Guards, or decals have been damaged, worn, removed, replaced or modified in any way since the last inspection.

3.5 Large Vehicles must display their Sticker, which shall denote the year of inspection. Inspections and Stickers must be updated biennially.
