RE: File No. 10235 Granular Activated Carbon Filter Media Exchange - Addendum No. 2

This addendum is comprised of:

- Time Extension
- Submitted Questions and Answers (Partial)

TIME EXTENSION

The Bid Due Date has been postponed from Thursday, April 7th, 2022 at 11:00AM for a period of one week to Thursday, April 14th, 2022 at 11:00AM. A subsequent addendum will be issued at a later date addressing all submitted questions and answers.

SUBMITTED QUESTIONS AND ANSWERS:

1. Q: Bid Extension - Due to the short bid turnaround period with bids needing to be submitted by April 7, 2022, would you consider a one-week extension to April 14, 2022, so we can properly prepare our bid for submission with our best pricing possible? Due to the size of this project and unique GAC media specifications, we could benefit from having an additional week to prepare our offering to our best abilities. This will also allow time to review the RSSCT data and verify the 16,000 bed volumes requirement can be met.

A: Please see revised bid opening date above.
2. **Q:** Truck Safety Ordinance Regulations - This regulation requires side under-ride guards to be installed between the front and rear axles of the trailer and the dump trailers we would be utilizing is frameless, thus not having anything to mount these side guards to making it impossible to install. Can you please waive this requirement due to this reason? With regards to the convex mirrors and cross-over mirrors, Calgon Carbon utilizes a third-party truck hauling company for this service and cannot guarantee they are equipped with these items. Can you please waive this requirement as we cannot offer that guarantee?

   **A:** Any bidder concerned about compliance with the Truck Safety Ordinance Regulations must submit pictures/images of vehicles and equipment anticipated to be used during the life of any contract originating from this Invitation to Bid along with a detailed narrative describing why the bidder cannot comply with said ordinance. This information **MUST** be submitted prior to: **Wednesday, April 6th, 2022 at 4:00 PM.**

   All other details remain the same.
